

## WHO WE ARE

The Consortium for Street Children (CSC) is the leading member-based network dedicated to advocating, promoting and campaigning for the rights of street-involved children.

We are committed to creating a better and sustainable future for some of the most disadvantaged and stigmatised children by working together to inform and inspire research and action that influences policy and best practice worldwide.

CSC challenges attitudes at the highest level to change lives at street level in order to create a world in which the rights of street-involved children are realised.

## WHY BECOME A CSC FRIEND?

An estimated 100 million children are forced to live and work on the streets around the world. Ignored by those who should protect them these children are often physically & sexually abused, maltreated, hungry and excluded. Basic survival is a challenge and many turn to crime, substance-abuse and prostitution.

CSC is the only international organisation working on a global scale to promote and protect the rights of these children. In turn the CSC Member network supports groundbreaking fieldwork in approximately 100 countries worldwide.

CSC delivers value through:

### MEMBER SERVICES

CSC Members gain access to a range of services and benefits that build capacity and best practice in all aspects of work with street-involved children.

### MEMBER-LED PROJECTS

CSC Members utilize the expertise of the CSC and its extensive network to support their projects, programmes and advocacy activities.

### CSC INITIATIVES

CSC influences high-level policies in order to promote the rights of street-involved children by lobbying bi-lateral and multi-lateral institutions.

**“Around the world there are millions of children living in poverty and squalor: typically they have no access to healthcare or education, and often have no security, no hope and no love.**

**They are street children – but above all, children – who deserve the care and protection of adults. The Consortium for Street Children is their advocate and protector.”**

“Street children are often the unloved and forgotten. To give them care, affection and wellbeing is decent and right.

Helping them costs a significant amount as CSC and its members seek to provide a wide range of support measures. These are difficult times but for street children times are always difficult. Please contribute to their work and by doing so make a difference to the lives of these children in need.”
